

FREIRE SELWOOD-MILLER

CONTEMPORARY ABSTRACT ARTIST

Freire Selwood-Miller is an abstract artist specialising in paintings that ignite emotions and sit pride of place within the contemporary home. Each artwork is created by rotating the canvas throughout the painting process for an ethereal and immersive feel.

Freire has a deep desire within her to create. Her work is a personal journey through the form of paint. In her own words it is essentially a feeling, an emotion simply thrown at the canvas.

'TENDER IS A MIND AT SEA'

This collection explores the feelings that were ignited during the long-drawn-out days Freire spent at sea whilst crossing the Atlantic ocean. The paintings capture so many different emotions at a parallel with the ocean; feelings of longing, loss, sadness, joy, healing and calmness. There is nothing quite like being in the middle of the ocean looking out to the horizon, nothing else around you, just sea and sky. The ever-changing weather brings with it an array of colours and shapes, sometimes swirling and wild, other times still and tranquil.
